

Special Session on
‘Nonlinear Control and Its Application on Robotics’

Organizer: Shuhui Bi

Shandong Academy of Sciences, China

E-mail: bishuhui@gmail.com

We are organizing a Special Session on nonlinear control and its application on robotics for the 2014 International Conference on Advanced Mechatronic Systems (ICAMechS2014), <http://www.tuat.ac.jp/~deng/icamechs2014/icamechs2014.html>, which will be held on August 10-12, 2014, Kumamoto, Japan. The main focus of this issue is on theoretical studies, computational algorithm development, and other applications on robotics. We invite authors to submit original research papers to this special issue. Potential topics include, but are not limited to:

- Robust control for robotics.
- Vision and image processing
- Other applications on robotics.

Manuscript Due	June 1, 2014
Notice of Acceptance	June 15, 2014
Submission of Camera-ready copy	July 1, 2014
