

Workshop on Dry Deposition in East Asia 2006

(第3回 乾性沈着研究会)

Thursday 9 March, 2006

at Meisei University

Program

- 11:00-11:15 Welcome and Introductions
Prof. Shuzo Tanaka and Dr. Kazuhide Matsuda
Asian Centre for Environmental Research (ACER), Meisei University
- 11:15-12:00 Effects of seasonal variation on sulfur dioxide dry deposition in the tropical region
Dr. Pojanie Khummongkol
King Mongkut's University, Thailand
- 13:30-14:10 Ozone and sulfur dioxide dry deposition above a tropical forest in northern Thailand
Dr. Kazuhide Matsuda
Asian Centre for Environmental Research (ACER), Meisei University
- 14:10-14:30 Evaluation of gas and particle dry deposition to forests in Japan
Dr. Akira Takahashi
Center Research Institute for Environmental Research, Japan
- 14:30-14:50 Dry deposition of ammoniacal nitrogen on turf grassland
Dr. Kentaro Hayashi
National Institute for Agro-Environment Sciences, Japan
- 14:50-15:10 First attempt of PM_{2.5} and PM₁₀ measurement by ADORC at Sado, Japan
Ms. Tomomi Kominami
Acid Deposition and Oxidant Research Center, Japan
- 15:30-16:00 Overall discussion
