Health Checkup Guide

(1) Reception
Please tell your full name and department at the reception to receive your Health Record Form and urinalysis container marked with your name.

(2) Checkup Contents and Order
1. Chest X-ray
   Please have your X-ray diagnostic paper filled out with a serial number at the x-ray reception and take the picture in the specified X-ray vehicle.
   ※ Since you will have to remove underwear and other metallic accessories, please come with easily removable clothes. (You can keep wearing a plain inner T-shirt while taking your X-ray picture.)

2. Urinalysis
   Take your urine sample in one of the venue toilets and have it analyzed at the exam counter.
   ※ Females on their period should inform the staff at the exam counter without taking the urine sample.

3. Body height, weight, eye sight and blood pressure
   If you usually wear contact lenses or glasses, we will measure your eye sight with lenses/glasses. For those wearing contact lenses, please inform the examiner about it.
   In general, blood pressure will be measured with your right arm. Please do not wear very tight clothes.
   ※ If you are instructed to receive a reexamination, you need to come to the Health Service Center on the specified day.

4. After the examinations above, a nurse will ask you several questions about your health condition.
   If you are instructed to or wish to be examined by a physician, or take a blood test or a mental health check, you will be able to do so at this moment. Blood test will also be done on the checkup day. Unless otherwise instructed, the health checkup ends here. Please submit your Health Record Form when all exams are over. Do not bring it back home.
   ※ If you receive a test order for electrocardiogram or audiometry at the interview check, please come to the Health Service Center with the order paper on a later date.

<< Attention >>
1. In order to use the gymnasium, please bring indoor shoes such as athletic shoes or slippers.
2. Health certificate cannot be issued for students who do not take the health checkup.
3. Please adhere to the reception time. If you need to change the date, or are unable to take the checkup according to the above schedule, please contact the Health Service Center in advance.
4. Please keep in mind that receiving the health checkup is mandatory in order to take the sports and health sciences course.
5. No announcement or reminder will be sent to the students who miss the health checkup dates.
