## Notes for the annual health checkup in 2020

We will have smaller annual health checkup for students in 2020 because of the prevention of new corona virus infection. Please read this page carefully and pay attention to the news on TUAT student web site. Thank you for your cooperation.

※Chest X-ray is **ONLY** for new students, the grade of graduating year students and the fourth grade students of Veterinary Medicine.

1. To prevent outbreak, if you have “YES” in the attached checklist, you cannot take health checkup this year.

We will check your temperature at in front of reception on the day of health checkup. If you have a temperature over 37.5°C, you cannot take health checkup. Please stay home and do not come if your temperature would be over 37.5°C at home.

2. Please check the schedule carefully, and be on time to prevent crowd.

3. Bring the student ID card, a bag for outdoor shoes, indoor shoes, an attached checklist “The Health Checkup Questionnaire” and a face mask.

Complete “The Health Checkup Questionnaire” which should be brought with you on the day of the health checkup and submitted at the reception. During the checkup, wear your face mask and keep silence. We have some countermeasures for infection such as a hand disinfection.

4. Wear a white T-shirt on the day of the checkup in order to take chest X-ray quickly. In addition, please remove wired bra and metal accessories.

5. In case of working students who has already taken checkup by their own companies, please bring results in 2020 to TUAT Health Service Center. (both handing in and mailing available)

7. If you won't take this checkup, we cannot issue your health certificate.

8. The health checkup may be postponed depending on the epidemic situation of infection, administrative guidance, etc., so please refer to the [Important information] “Coronavirus: Information and Precautions” in the column on the top screen of the TUAT Web page. Check the information frequently.
