The 2015 4th ICT International Student Project Conference (ICT-ISPC 2015)

May 23-24, 2015, Tokyo University of Agriculture and Technology, Japan

Theme: ICT for Sustainable Society

GREETINGS

The 2015 Fourth ICT International Student Project Conference aims to provide an international forum for both undergraduate and graduate students studying in ICT, Computer Science, Computer Engineering, and other IT-related disciplines to present their practical project works and to share their ideas. Participating in this conference, students will not only gain valuable experience by sharing their research with students from different countries, but they will also have a chance to materialize their ideas by presenting them to representatives from various prominent companies who eagerly look for innovative ideas to create new products that could change the world using their vast resources.

The ICT-ISPC 2015 will be held on May 23-24, 2015 and it is a multi-site conference hosted together by three partner universities including:
- Dept. of Computer and Information Sciences, Faculty of Engineering, Tokyo University of Agriculture and Technology (TUAT), Tokyo, Japan
- Faculty of ICT, Mahidol University (MU), Nakhon Pathom, Thailand
- Faculty of Computing, Universiti Teknologi Malaysia (UTM), Johor Bahru, Malaysia

The conference is held physically at the Faculty of Engineering, Tokyo University of Agriculture and Technology, Japan. Student authors and students abroad can also participate in the conference via video conferencing setup at MU and UTM.

The ICT-ISPC 2015 focuses on the theme “ICT for Sustainable Society.” Related to this, we invite Dr. Miwako Doi, auditor at National Institute of Information and Communication Technology (NICT), Japan, as a keynote speaker. She will give a talk entitled “Human Behavior Design” on May 23, 2015.

TOPICS INCLUDE BUT NOT LIMITED TO THE FOLLOWING TRACKS:
- Computer Networks and Security
- Data and Knowledge Management
- E-Business Technology and Applications
- E-Learning Technology and Applications
- Healthcare Information Technology and Applications
- Intelligent Systems and Machine Learning
- Mobile Applications
- Multimedia and Digital Contents
- Software Engineering
- Human-Computer Interaction
- Pattern Recognition and Computer Vision
- Other topics related to ICT and Applications

PAPER SUBMISSION:

Authors are invited to submit a full paper (maximum 4 pages) to the ICT-ISPC 2015 conference. All manuscripts must be written in English and should be prepared in the IEEE double-column manuscript format for conference proceedings. All papers need to be submitted electronically in PDF format via EasyChair (Conference management system linked from the conference website).

The papers submitted to ICT-ISPC 2015 will be reviewed by the Technical Program Committee consisting of international experts in different areas of computer science, computer engineering and ICT. All accepted papers will be published in conference proceedings and submitted to IEEE Xplore.

PRESENTATION AND POSTER DEMONSTRATION:

All accepted papers are presented as oral presentation. In addition, the authors of accepted papers are encouraged to demonstrate their works in the conference poster demonstration session. At the end of the conference, the judges will announce the best paper awards and the best poster demonstration awards.

IMPORTANT DATES:

Full Paper Submission Deadline (Extended): March 20, 2015
Notification of Acceptance: April 13, 2015
Camera-ready Submission Due: April 27, 2015
Conference Dates: May 23-24, 2015
