Steps in Research Paper Writing
Clear and Accurate Papers
Grammatical Tips and References

Yoshimasa A. Ono, PhD is a part-time lecturer at the University of Tokyo and a former senior visiting scientist at RIKEN, where he supervised electron microscopy research and taught technical writing in English. He also served as a professor at the University of Tokyo's School of Engineering and taught technical writing and presentation in English. He spent over two decades at Hitachi's research laboratories. He earned a Ph.D. in physics from the University of Tokyo and held post-doctoral positions in the USA.
